Title Function

Information Systems Assistant – IT Service

1. WE ARE

The European Union Agency for the Cooperation of Energy Regulators (hereinafter referred to as “ACER”) is a European Union (“EU”) body, legally established by Regulation (EU) No 2019/942¹ and operational since 2011. ACER is central to the integration and well-functioning of the EU's electricity and natural gas markets.

The purpose of ACER is to assist National Regulatory Authorities (“NRAs”) in exercising, at Union level, the regulatory tasks that they perform in the Member States and, where necessary, to coordinate their action, and to mediate and settle disagreements between them. ACER shall also contribute to the establishment of high-quality common regulatory and supervisory practices, thus contributing to the consistent, efficient and effective application of Union law in order to achieve the Union's climate and energy goals.

In this respect, ACER:

- a) Complements and coordinates the work of NRAs;
- b) Participates in the development of European network rules;
- c) Takes, under certain conditions, binding individual decisions on terms and conditions for access and operational security for cross-border infrastructure, on cross-border cost allocation for Projects of Common Interest and on terms and conditions or methodologies for the implementation of network codes;
- d) Gives advice on electricity and natural gas related issues to the European institutions;
- e) Monitors the internal markets in electricity and natural gas and reports on its findings;
and

¹ Regulation (EU) No 2019/942 of the European Parliament and of the Council of 05 June 2019 (recast).

- f) Monitors trading in wholesale energy products to detect and deter market abuse and ensure the integrity and transparency of EU wholesale energy markets in accordance with REMIT i.e., Regulation (EU) No 1227/2011².

The main areas on which ACER's activities focus are:

- Supporting European market integration: this is mainly done through the development of common network and market rules, as well as through the coordination of regional initiatives which are concrete efforts from market participants to work towards greater integration;
- Advising the EU Institutions on trans-European energy infrastructure issues: ACER issues opinions on ten-year network development plans, to ensure that these are in line with priorities set at EU level, and on the draft lists of Projects of Common Interest; and
- Energy market monitoring: ACER has a general mission in terms of market monitoring at the EU level and has, since the end of 2011, a very specific responsibility when it comes to the oversight of wholesale energy trading referred to as surveillance.

With the “Clean Energy for all Europeans” package legislation, additional tasks have been assigned to ACER, including, in particular:

- Approving the all TSOs' proposals for terms and conditions or methodologies to be developed under the Commission Guidelines;
- Approving or amending the new resource adequacy and risk preparedness methodologies to be developed by ENTSO-E; and
- Monitoring state interventions preventing prices from reflecting actual scarcity and the performance of Member States in electricity security of supply issues.

ACER currently employs more than 130 staff members and has an approved annual budget of € 24,891,343 in 2022. ACER's internal structure comprises five Departments (Electricity, Infrastructure, Gas and Retail, Market Surveillance and Conduct, Market Integrity and Transparency and Corporate Services), Strategy Development and Communications Team and four horizontal clusters (BoR-Brussels Liaison team, Legal Services, Data Excellence and IT/Security). Please find the ACER's organisational chart on the following link:

constructive feedback culture, emphasising the positives whilst not shying away from addressing the negatives.

ACER is looking for a proactive and committed Information Systems Assistant – IT Service. The jobholder to be recruited from this reserve list will be assigned to the Corporate Services Department of the Agency and will report to the Corporate Information Services Team Leader.

The duties of the Information Systems Assistant – IT Service will include the following:

INFORMATION SYSTEMS MANAGEMENT and MAINTENANCE

- Contribute to the design of software solutions, drafting and deploying ICT policies, procedures and guidelines; contribute to the drafting of technical specifications for procurement needs;
- Install, configure, monitor and maintain software solutions and applications; contribute to the implementation and maintenance of the Agency Information Security Management System(s) to ensure that information assets are adequately protected;
- Organise and supervise the correct operation of the systems by ensuring technical, functional and integration testing and carrying out capacity analysis and system evaluation;

IT APPLICATION AND SERVICE MANAGEMENT

- Contribute to delivery and day-to-day management of IT applications; monitor the performance of business processes using the software solutions in place and identify the possible improvements and optimisations;
- Ensure proper implementation, evolution and operation of IT service management processes, identify and make use of appropriate ITSM tools;
- Ensure second level support to end users for reported incidents; coordinate external contractors/vendors to address issues with software solutions in a timely manner;

PROJECT and CONTRACT MANAGEMENT

- Management of projects in the Information Technology (IT) area, coordinating and liaising with project owners and internal stakeholders;
- Manage support teams: workload, work organisation, schedules, priorities;
- Ensure projects' developments as scheduled regarding timeframe, resources and expenditures, pre-defined quality and specification, and take appropriate remedial action in case of deviations;
- Prepare technical specification and scope of work for procurements procedures related to outsourcing projects; assess business needs and translate them into projects' scope and requirements.
- Support, manage and work closely with the contractors during the implementation and deployment of projects, providing constant knowledge transfer through shadowing and training sessions.

The Information Systems Assistant – IT Service may be required to assist in other areas of the work of ACER, according to needs and priorities, as determined by the Head of the Department or the Director.

The requirement is to act with a service-minded culture, handling data with the highest level of confidentiality and professional integrity. Having excellent interpersonal and communication skills, the person should be able to operate in multicultural working environments and liaise with different stakeholders.
